

Customer Journey Map

Date	15 July 2026
Team ID	
Project Name	A Comprehensive Measure of Well-being
Maximum Marks	2 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• Visits the HDI Predictor website. • Reads the project description. • Enters the required input values.	• Clicks the Predict button. • Waits for the prediction. • System processes the data.	• Views the predicted HDI score. • Checks the development category. • Uses the result for analysis.
Touchpoint <i>What part of the service do they interact with?</i>	• Home page • Input form • User Interface	• predict button • flask Application • ML Model	• Result page • Prediction Card • HDI Category
Customer Thought <i>What is the customer thinking?</i>	• This application seems easy to use. • What information do I need to enter? • Will the prediction be accurate?	• I hope the prediction is quick • How does the model work? • Is the result reliable?	• The prediction is helpful. • Now I understand the country's development level. • This saves time
Customer Feeling <i>What is the customer feeling?</i>	Curious Interested Hopeful	Excited Confident Engaged	Satisfied Informed Confident

Process Ownership <i>Who is in the lead on this?</i>	Frontend Developer	Machine Learning Developer	Frontend Developer & Testing Team
Opportunities <i>How can we improve this stage?</i>	• Improve user interface. • Add input guidance. • Validate user inputs.	• Improve prediction accuracy. • Optimize model performance. • Reduce response time.	• Add graphs and visualizations. • Generate downloadable reports. • Provide personalized insights.
